TO: Affected Agencies and Shippers/Carriers

SUBJECT: Waiver to Carriers Transporting Essential Emergency Relief Supplies
(Heating fuel, salt, sand, deicing chemicals and roadway abrasives)

Due to ongoing impacts from severe winter weather, there is a need for the Commonwealth to assist in coordinating transportation of heating fuel, salt, sand, deicing chemicals and roadway abrasives.

As a result, the Virginia Department of Transportation and the Virginia Department of Motor Vehicles jointly authorize a temporary waiver of registration and license requirements for the purpose of ensuring that essential supplies reach impacted areas in a timely manner. This waiver is effective beginning 12 pm January 30, 2014 until 12 pm March 1, 2014 and includes an exemption in coordination with the Virginia Department of Emergency Management which activates the FMSCA Section 390.23 Relief of Regulations including hours of service. This waiver only pertains to statewide shippers and carriers providing heating fuel, salt, sand, deicing chemicals and roadway abrasives.
