## HIGHLIGHTS OF THIS ISSUE

These synopses are intended only as aids to the reader in identifying the subject matter covered. They may not be relied upon as authoritative interpretations.

## ADMINISTRATIVE

Rev. Rul. 2017-18, page 239.
Interest rates: underpayments and overpayments. The rates for interest determined under Section 6621 of the code for the calendar quarter beginning October 1, 2017, will be 4 percent of overpayments ( 3 percent in the case of a corporation), 4 percent for underpayments, and 6 percent for large corporate underpayments. The rate of interest paid on the portion of a corporate overpayment exceeding $\$ 10,000$ will be 1.5 percent.

## INCOME TAX

Notice 2017-48, page 254.
This notice provides that the IRS will not assert that cash payments an employer makes to § 170(c) organizations (in exchange for vacation, sick, or personal leave that its employees elect to forgo) constitute gross income or wages of the employees under certain circumstances relating to Hurricane Harvey or Tropical Storm Harvey

Bulletin No. 2017-39 September 25, 2017

## EMPLOYEE PLANS

Announcement 2017-11, page 255.
Announcement 2017-11 provides relief to victims of Hurricane Harvey, which caused damage to Texas. It permits easier access to victims' funds held in workplace retirement plans and in IRAs, for the period beginning August 23, 2017, and ending January 31, 2018. The relief provided in the announcement is in addition to the relief already provided by the IRS pursuant to News Release IR-2017-135.

## The IRS Mission

Provide America's taxpayers top-quality service by helping them understand and meet their tax responsibilities and enforce the law with integrity and fairness to all.

## Introduction

The Internal Revenue Bulletin is the authoritative instrument of the Commissioner of Internal Revenue for announcing official rulings and procedures of the Internal Revenue Service and for publishing Treasury Decisions, Executive Orders, Tax Conventions, legislation, court decisions, and other items of general interest. It is published weekly.

It is the policy of the Service to publish in the Bulletin all substantive rulings necessary to promote a uniform application of the tax laws, including all rulings that supersede, revoke, modify, or amend any of those previously published in the Bulletin. All published rulings apply retroactively unless otherwise indicated. Procedures relating solely to matters of internal management are not published; however, statements of internal practices and procedures that affect the rights and duties of taxpayers are published.

Revenue rulings represent the conclusions of the Service on the application of the law to the pivotal facts stated in the revenue ruling. In those based on positions taken in rulings to taxpayers or technical advice to Service field offices, identifying details and information of a confidential nature are deleted to prevent unwarranted invasions of privacy and to comply with statutory requirements.

Rulings and procedures reported in the Bulletin do not have the force and effect of Treasury Department Regulations, but they may be used as precedents. Unpublished rulings will not be relied on, used, or cited as precedents by Service personnel in the disposition of other cases. In applying published rulings and procedures, the effect of subsequent legislation, regulations, court decisions, rulings, and procedures must be considered, and Service personnel and others concerned are cautioned
against reaching the same conclusions in other cases unless the facts and circumstances are substantially the same.

The Bulletin is divided into four parts as follows:

## Part I.—1986 Code.

This part includes rulings and decisions based on provisions of the Internal Revenue Code of 1986.

## Part II.-Treaties and Tax Legislation.

This part is divided into two subparts as follows: Subpart A, Tax Conventions and Other Related Items, and Subpart B, Legislation and Related Committee Reports.

## Part III.—Administrative, Procedural, and Miscellaneous.

 To the extent practicable, pertinent cross references to these subjects are contained in the other Parts and Subparts. Also included in this part are Bank Secrecy Act Administrative Rulings. Bank Secrecy Act Administrative Rulings are issued by the Department of the Treasury's Office of the Assistant Secretary (Enforcement).
## Part IV.—Items of General Interest.

This part includes notices of proposed rulemakings, disbarment and suspension lists, and announcements.

The last Bulletin for each month includes a cumulative index for the matters published during the preceding months. These monthly indexes are cumulated on a semiannual basis, and are published in the last Bulletin of each semiannual period.

The contents of this publication are not copyrighted and may be reprinted freely. A citation of the Internal Revenue Bulletin as the source would be appropriate.

## Part I. Rulings and Decisions Under the Internal Revenue Code of 1986

## Section 6621.Determination of Rate of Interest

26 CFR 301.6621-1: Interest rate.

## Rev. Rul. 2017-18

Section 6621 of the Internal Revenue Code establishes the interest rates on overpayments and underpayments of tax. Under section 6621(a)(1), the overpayment rate is the sum of the federal shortterm rate plus 3 percentage points (2 percentage points in the case of a corporation), except the rate for the portion of a corporate overpayment of tax exceeding $\$ 10,000$ for a taxable period is the sum of the federal short-term rate plus 0.5 of a percentage point. Under section 6621(a)(2), the underpayment rate is the sum of the federal short-term rate plus 3 percentage points.

Section 6621(c) provides that for purposes of interest payable under section 6601 on any large corporate underpayment, the underpayment rate under section 6621(a)(2) is determined by substituting " 5 percentage points" for " 3 percentage points."

See section 6621(c) and section 301.6621-3 of the Regulations on Procedure and Administration for the definition of a large corporate underpayment and for the rules for determining the applicable date. Section 6621(c) and section 301.6621-3 are generally effective for periods after December 31, 1990.

Section 6621(b)(1) provides that the Secretary will determine the federal shortterm rate for the first month in each cal-
endar quarter. Section 6621(b)(2)(A) provides that the federal short-term rate determined under section $6621(b)(1)$ for any month applies during the first calendar quarter beginning after that month. Section 6621(b)(3) provides that the federal short-term rate for any month is the federal short-term rate determined during that month by the Secretary in accordance with section 1274(d), rounded to the nearest full percent (or, if a multiple of $1 / 2$ of 1 percent, the rate is increased to the next highest full percent).

Notice 88-59, 1988-1 C.B. 546, announced that in determining the quarterly interest rates to be used for overpayments and underpayments of tax under section 6621, the Internal Revenue Service will use the federal short-term rate based on daily compounding because that rate is most consistent with section 6621 which, pursuant to section 6622, is subject to daily compounding.

The federal short-term rate determined in accordance with section 1274(d) during July 2017 is the rate published in Revenue Ruling 2017-15, 2017-32 IRB 176, to take effect beginning August 1, 2017. The federal short-term rate, rounded to the nearest full percent, based on daily compounding determined during the month of July 2017 is 1 percent. Accordingly, an overpayment rate of 4 percent ( 3 percent in the case of a corporation) and an underpayment rate of 4 percent are established for the calendar quarter beginning October 1, 2017. The overpayment rate for the portion of a corporate overpayment exceeding $\$ 10,000$ for the calendar quarter beginning October 1, 2017 is 1.5 percent. The underpayment rate for large cor-
porate underpayments for the calendar quarter beginning October 1, 2017, is 6 percent. These rates apply to amounts bearing interest during that calendar quarter.

Sections 6654(a)(1) and 6655(a)(1) provide that the underpayment rate established under section 6621 applies in determining the addition to tax under sections 6654 and 6655 for failure to pay estimated tax for any taxable year. Thus, the 4 percent rate also applies to estimated tax underpayments for the fourth calendar quarter beginning October 1, 2017 In addition, pursuant to section 6603(d)(4), the rate of interest on section 6603 deposits is 1 percent for the fourth calendar quarter in 2017.

Interest factors for daily compound interest for annual rates of 1.5 percent, 3 percent, 4 percent and 6 percent are published in Tables 8, 11, 13 and 17 of Rev. Proc. 95-17, 1995-1 C.B. 562, 565, 567 and 571.

Annual interest rates to be compounded daily pursuant to section 6622 that apply for prior periods are set forth in the tables accompanying this revenue ruling.

## DRAFTING INFORMATION

The principal author of this revenue ruling is Richard Duenas of the Office of the Associate Chief Counsel (Procedure and Administration). For further information regarding this revenue ruling, contact Mr. Duenas at (202) 317-6877 (not a tollfree number).

## Part III. Administrative, Procedural, and Miscellaneous

Treatment of Amounts
Paid to Section 170(c) Organizations under
Employer Leave-Based Donation Programs to Aid Victims of Hurricane Harvey and Tropical Storm Harvey

Notice 2017-48

This notice provides guidance on the treatment of leave-based donation programs to aid victims of Hurricane Harvey and Tropical Storm Harvey.

## TREATMENT OF LEAVE-BASED DONATION PAYMENTS

In response to the extreme need for charitable relief for victims of Hurricane Harvey and Tropical Storm Harvey, employers may have adopted or may be con-
sidering adopting leave-based donation programs. Under leave-based donation programs, employees can elect to forgo vacation, sick, or personal leave in exchange for cash payments that the employer makes to charitable organizations described in § 170(c) of the Internal Revenue Code (§ 170(c) organizations). This notice provides guidance for income and employment tax purposes on the treatment of cash payments made by employers under leave-based donation programs for the relief of victims of Hurricane Harvey and Tropical Storm Harvey.

The Internal Revenue Service (the Service) will not assert that cash payments an employer makes to § 170(c) organizations in exchange for vacation, sick, or personal leave that its employees elect to forgo constitute gross income or wages of the employees if the payments are: (1) made to the § 170(c) organizations for the relief of victims of Hurricane Harvey and Tropical Storm Harvey; and (2) paid to the
§ 170(c) organizations before January 1, 2019.

Similarly, the Service will not assert that the opportunity to make such an election results in constructive receipt of gross income or wages for employees. Electing employees may not claim a charitable contribution deduction under § 170 with respect to the value of forgone leave excluded from compensation and wages.

The Service will not assert that an employer is permitted to deduct these cash payments exclusively under the rules of § 170 rather than the rules of § 162. Cash payments to which this guidance applies need not be included in Box 1, 3 (if applicable), or 5 of the Form W-2.

## Part IV. Items of General Interest

# Relief for Victims of Hurricane Harvey 

## Announcement 2017-11

Purpose

This announcement provides relief to taxpayers who have been adversely affected by Hurricane Harvey and who have retirement assets in qualified employer plans that they would like to use to alleviate hardships caused by Hurricane Harvey. In addition, this announcement provides relief from certain verification procedures that may be required under retirement plans with respect to loans and hardship distributions. The relief provided under this announcement is in addition to the relief already provided by the Service pursuant to News Release IR-2017-135 under $\S 7508 \mathrm{~A}$ of the Internal Revenue Code ("Code") for victims of Hurricane Harvey. (For a listing of employee benefit-related acts and deadlines that, under the News Release, were postponed until January 31, 2018, in response to Hurricane Harvey, see the regulations under $\S 7508 \mathrm{~A}$ and Section 8 of Rev. Proc. 2007-56, 2007-2 C.B. 388.)

## Background

The laws relating to qualified employer plans impose various limitations on the permissibility of loans and distributions from those plans. For example, § 401(k) $(2)(B)(i)$ of the Code provides that in the case of a $\S 401(\mathrm{k})$ plan that is part of a profit-sharing or stock bonus plan, elective deferrals may be distributed only in certain situations, one of which is on account of hardship. Section 403(b)(11) provides similar rules with respect to elective deferrals under a § 403(b) plan. Section 457(d)(1)(A) provides that a plan described in § 457(b) may not permit distributions before the occurrence of certain enumerated events, one being when the participant is faced with an unforeseeable emergency. Certain other types of plans or accounts are not permitted to make inservice distributions (distributions to a participant who is still an employee) even if there is a hardship. For example, inservice hardship distributions are gener-
ally not permitted from pension plans or from accounts holding qualified nonelective contributions ("QNECs") described in $\S 401(\mathrm{~m})(4)(\mathrm{C})$ or qualified matching contributions ("QMACs") described in § 401(k)(3)(D)(ii)(I). However, Rev. Rul. 2004-12, 2004-2 C.B. 478, holds that if amounts attributable to rollover contributions are separately accounted for within a plan, those amounts may be distributed at any time, pursuant to the employee's request. Section 72(p) imposes certain requirements relating to plan loans. Unless those requirements are satisfied, a loan is treated as a distribution under the plan.

In order to make a loan or distribution (including a hardship distribution), a plan must contain language authorizing the loan or distribution. Also, except to the extent a distribution consists of alreadytaxed amounts, the distribution will be includible in gross income and generally subject to the 10 -percent additional tax under § $72(\mathrm{t})$. Similar rules relating to income inclusion and taxation apply to a distribution from an IRA.

Plan provisions and regulations under certain Code sections establish verification procedures that a plan must follow before loans or distributions can be made from the plan. For example, the regulations under § 401(k) set forth certain criteria an employee must meet in order to receive a hardship distribution. A plan may contain procedures designed to confirm that the criteria have been satisfied.

## Relief

As described below, a qualified employer plan will not be treated as failing to satisfy any requirement under the Code or regulations merely because the plan makes a loan, or a hardship distribution for a need arising from Hurricane Harvey, to an employee or former employee whose principal residence on August 23, 2017, was located in one of the Texas counties identified for individual assistance by the Federal Emergency Management Agency ("FEMA") because of the devastation caused by Hurricane Harvey or whose place of employment was located in one of these counties on that applicable date or whose lineal ascendant
or descendant, dependent, or spouse had a principal residence or place of employment in one of these counties on that date. The counties identified for individual assistance by FEMA can be found on FEMA's website at https://www.fema.gov/ disasters. If additional areas in Texas or other states are identified by FEMA for individual assistance because of damage related to Hurricane Harvey, the relief provided in this announcement will also apply, from the date specified by FEMA as the beginning of the incident period, and that date should be substituted for references to August 23, 2017, in this announcement. Plan administrators may rely upon representations from the employee or former employee as to the need for and amount of a hardship distribution, unless the plan administrator has actual knowledge to the contrary, and the distribution is treated as a hardship distribution for all purposes under the Code and regulations.

For purposes of this announcement, a "qualified employer plan" means a plan or contract meeting the requirements of § 401(a), 403(a) or 403(b), and, for purposes of the hardship relief, that could, if it contained enabling language, make hardship distributions. For purposes of this paragraph, a "qualified employer plan" also means a plan described in § 457(b) maintained by an eligible employer described in § 457(e)(1)(A), and any hardship arising from Hurricane Harvey is treated as an "unforeseeable emergency" for purposes of distributions from such plans. For example, a profit-sharing or stock bonus plan that currently does not provide for hardship or other in-service distributions may nevertheless make hardship distributions related to Hurricane Harvey pursuant to this announcement, except from QNEC or QMAC accounts or from earnings on elective contributions (see below for plan amendment requirements). A defined benefit or money purchase plan, which generally cannot make in-service hardship distributions, may not make hardship distributions pursuant to this announcement, other than from a separate account, if any, within the plan containing either employee contributions or rollover amounts.

The amount available for hardship distribution is limited to the maximum amount that would be permitted to be available for a hardship distribution under the plan under the Code and regulations. However, the relief provided by this announcement applies to any hardship of the employee, not just the types enumerated in the regulations, and no post-distribution contribution restrictions are required. For example, regulations under § 401(k) provide safe harbor hardship distribution standards under which a hardship is deemed to exist only for certain enumerated events, and, after receipt of the hardship amount, the employee is prohibited from making contributions for at least 6 months. Plans need not follow these rules with respect to hardship distributions for which relief is provided under this announcement.

To make a loan or hardship distribution pursuant to the relief provided in this announcement, a qualified employer plan that does not provide for them must be amended to provide for loans or hardship distributions no later than the end of the first plan year beginning after December 31, 2017. To qualify for the relief under this announcement, a hardship distribution must be made on account of a hard-
ship resulting from Hurricane Harvey and be made on or after August 23, 2017, and no later than January 31, 2018. Plan loans made pursuant to this announcement must satisfy the requirements of $\S 72(\mathrm{p})$.

In addition, a retirement plan will not be treated as failing to follow procedural requirements for plan loans (in the case of retirement plans other than IRAs) or distributions (in the case of all retirement plans, including IRAs) imposed by the terms of the plan merely because those requirements are disregarded for any period beginning on or after August 23, 2017, and continuing through January 31, 2018, with respect to loans or distributions to individuals described in the first paragraph under "Relief", above, provided the plan administrator (or financial institution in the case of distributions from IRAs) makes a good-faith diligent effort under the circumstances to comply with those requirements. However, as soon as practicable, the plan administrator (or financial institution in the case of IRAs) must make a reasonable attempt to assemble any forgone documentation. For example, if spousal consent is required for a plan loan or distribution and the plan terms require production of a death certificate if the employee claims his or her spouse is de-
ceased, the plan will not be disqualified for failure to operate in accordance with its terms if it makes a loan or distribution to an individual described in the first paragraph under "Relief" in the absence of a death certificate if it is reasonable to believe, under the circumstances, that the spouse is deceased, the loan or distribution is made no later than January 31, 2018, and the plan administrator makes reasonable efforts to obtain the death certificate as soon as practicable. For purposes of this announcement, "retirement plan" has the same meaning as "eligible retirement plan" under § $402(\mathrm{c})(8)(\mathrm{B})$.

Taxpayers are reminded that in general the normal spousal consent rules continue to apply, and, except to the extent the distribution consists of already-taxed amounts, any distribution made pursuant to the relief provided in this announcement will be includible in gross income and generally subject to the 10 -percent additional tax under § 72(t).

The Department of Labor has advised Treasury and the IRS that it will not treat any person as having violated the provisions of Title I of the Employee Retirement Income Security Act solely because that person complied with the provisions of this announcement.

## Definition of Terms

Revenue rulings and revenue procedures (hereinafter referred to as "rulings") that have an effect on previous rulings use the following defined terms to describe the effect:

Amplified describes a situation where no change is being made in a prior published position, but the prior position is being extended to apply to a variation of the fact situation set forth therein. Thus, if an earlier ruling held that a principle applied to A , and the new ruling holds that the same principle also applies to B , the earlier ruling is amplified. (Compare with modified, below).

Clarified is used in those instances where the language in a prior ruling is being made clear because the language has caused, or may cause, some confusion. It is not used where a position in a prior ruling is being changed.

Distinguished describes a situation where a ruling mentions a previously published ruling and points out an essential difference between them.

Modified is used where the substance of a previously published position is being changed. Thus, if a prior ruling held that a principle applied to A but not to B , and the new ruling holds that it applies to both A

## Abbreviations

and B , the prior ruling is modified because it corrects a published position. (Compare with amplified and clarified, above).

Obsoleted describes a previously published ruling that is not considered determinative with respect to future transactions. This term is most commonly used in a ruling that lists previously published rulings that are obsoleted because of changes in laws or regulations. A ruling may also be obsoleted because the substance has been included in regulations subsequently adopted.

Revoked describes situations where the position in the previously published ruling is not correct and the correct position is being stated in a new ruling.

Superseded describes a situation where the new ruling does nothing more than restate the substance and situation of a previously published ruling (or rulings). Thus, the term is used to republish under the 1986 Code and regulations the same position published under the 1939 Code and regulations. The term is also used when it is desired to republish in a single ruling a series of situations, names, etc., that were previously published over a period of time in separate rulings. If the new ruling does more than restate the sub-

[^0]stance of a prior ruling, a combination of terms is used. For example, modified and superseded describes a situation where the substance of a previously published ruling is being changed in part and is continued without change in part and it is desired to restate the valid portion of the previously published ruling in a new ruling that is self contained. In this case, the previously published ruling is first modified and then, as modified, is superseded.

Supplemented is used in situations in which a list, such as a list of the names of countries, is published in a ruling and that list is expanded by adding further names in subsequent rulings. After the original ruling has been supplemented several times, a new ruling may be published that includes the list in the original ruling and the additions, and supersedes all prior rulings in the series.

Suspended is used in rare situations to show that the previous published rulings will not be applied pending some future action such as the issuance of new or amended regulations, the outcome of cases in litigation, or the outcome of a Service study.
